VI Staff: Jodi Knott, Philip Doyle, Caryn Melvin, Joanne Fenn, Jeff Searl, Kim Almond

II. EXPLANATION

President Wade Hampton explained the BOD's reasons for not having an off-site hands-on training for next year. This decision was for next year's meeting only.

Both sides aired their opinions. Some VI staff members expressed concern over this issue. The board shared as many facts as possible to clear up several incorrect assumptions. The VI feels the meeting will be negatively affected by not having the hands on clinic offsite.

Dr. Brian Mitchell summed it all up. We need to work together in the future. The trend now is on swallowing problems, the HPV virus, and head and neck cancer patients.

Paul Evitts presented a letter of resignation to the secretary. His resignation was accepted by the Board.

II. ADJOURNMENT

A motion was made to adjourn.
